THALGO  
MARINE HEALTH

EFFECTIVENESS AND A RESPECT  
FOR NATURAL BALANCE  
WITH ALGAE AND MARINE INGREDIENTS

# LES INFUS' OCEANES bio

A specialist in the marine universe for over 50 years, the THALGO Laboratory has built its reputation on its expertise in algae and thalassotherapy.

Today, it offers you the nutritional benefits of the sea through an original range of five organic herbal teas.

Based on algae and plants, Organic Infus'Océanes infusion teas deliver well-being through their active ingredients, and pleasure through their delightful flavours.

## ORGANIC INFUS'OCÉANES

WELL-BEING THROUGH ALGAE AND PLANTS

Organic Infus'Océanes infusion teas combine the nutritional richness of algae and the traditional virtues of plants.

Algae extracts provide vitamins, minerals, trace elements and an array of original active ingredients that are 100% natural, for well-being and balance.

The plants, renowned for their many virtues, have been selected for their specific properties.

Organic Infus'Océanes infusion teas are presented in individual stay-fresh sachets, to guarantee the optimum quality of each tea bag. The full benefits of the active ingredients and the plants' aromatic powers are preserved.

## ORGANIC INFUS'OCÉANES

THE QUALITY AND AUTHENTICITY  
OF ORGANIC INGREDIENTS

Organic Infus'Océanes infusion teas contain at least 95% ingredients produced through organic methods.

These methods ensure the strictly limited use of fertilisers, the respect of natural balances and the environment, and the non-use of chemical fertilisers, pesticides, GMOs and artificial colourings and flavourings.

100% natural and authentic, Organic Infus'Océanes infusion teas are also richer in taste.

SATISFACTION

Organic Infus'Océanes infusion teas were successfully tested at a Thalassotherapy Centre.

*This test was conducted with 93 spa guests at the Centre Thalazur – Antibes, under medical supervision. Each spa guest was instructed to drink two Organic Infus'Océanes infusion teas per day and rate them on a variety of criteria.*

## ORGANIC INFUS'OCÉANES DRAINING

Organic Infus'Océanes Draining tea combines meadowsweet, blackcurrant and hibiscus, known to encourage the elimination of excess water and promote body drainage.

 The refined combination of “blackcurrant” flavoured liquorice offers a moment of pure pleasure.

## ORGANIC INFUS'OCÉANES REFINING

The perfect ally for your diet, Organic Infus'Océanes Refining tea combines *Fucus* brown algae and green tea, known for aiding weight loss, with meadowsweet and mate, traditionally used for encouraging body drainage.

 Its natural “exotic fruit” flavour enhances your figure-refining programme.

ADVICE FROM THALGO: if you are prone to water retention, begin your intensive treatment with Organic Infus'Océanes Draining tea, then follow on with Organic Infus'Océanes Refining tea.

## ORGANIC INFUS'OCÉANES LIGHT LEGS

Organic Infus'Océanes Light Legs tea combines blackcurrant, traditionally used for encouraging body drainage, with red vine and nettle that help reduce sensations of tired, "heavy" legs.

 Its "red berry" flavour offers a true feeling of well-being.

(ADVICE FROM THALGO: if you are prone to water retention, begin your intensive treatment with Organic Infus'Océanes Draining tea, then follow on with Organic Infus'Océanes Light Legs tea.)

## ORGANIC INFUS'OCÉANES SERENITY

Organic Infus'Océanes Serenity tea brings together the delightful flavours of linden and orange blossom, which have soothing and relaxing properties, and verbena, traditionally used for helping to get a better night's sleep.

Its delicate “honey and orange blossom” flavour offers a genuine soothing experience.

## ORGANIC INFUS'OCÉANES DIGESTION

Organic Infus'Océanes Digestion tea contains a delicious mix of peppermint and fennel for their digestive properties, and *Fucus* brown algae known for aiding transit.

- Its natural “mint-liquorice” flavour offers a true sensation of freshness that is especially appreciated after a large meal.

## INFUSION TEAS, FOR WELL-BEING AND PLEASURE

All leading experts agree that in order to successfully eliminate excess fluids, you must drink at least 1.5 litres (6-8 glasses) of water per day. Consider replacing soft drinks or stimulants (coffee, alcohol) with Organic Infus'Océanes infusion teas. Offering wellness and balance, these teas will contribute to your new healthy lifestyle.

### *A DAILY ART DE VIVRE*

Drinking an infusion tea means offering you a peaceful moment at any time of the day, for restored tranquillity and harmony.
